

Jim Pattison Lease Fleet Services

Fleet Card

The Jim Pattison Fleet Card provides our customers and drivers with an easy way to purchase fuel and other vehicle related services through a strategic network of suppliers coast to coast in Canada. This easy to use card is a convenient tool that supports the management of vehicle operating costs on a per vehicle, group, sub-group and total fleet basis. The ultimate in driver convenience with fleet pricing, one consolidated monthly statement and easy to use management reports.

Features and Benefits

Driver Convenience – A convenient and easy to use Card for all vehicle operators with access to a wide variety of suppliers, rural and urban, across Canada

Optimized Operating Costs - Consistent fleet pricing with National Account maintenance supplier discounts. Maintenance costs scrutinized to prevent up selling and unnecessary work

Reduced Administration - One, comprehensive yet easy to use monthly statement for review and payment. Supported by meaningful and easy to use reports to identify exceptions and opportunities

Management Reporting - Easy to use management tools to analyze fleet expenditures across makes and models as well as geographical boundaries and divisions on a total cost and cents per kilometer basis. High cost units identified for further action

Vendor Network – Our extensive network includes a wide range of National Account suppliers, Manufacturers Dealers and independent maintenance providers from coast to coast.

For further information on the Jim Pattison Fleet Card or any other fleet related services, please contact your Jim Pattison Lease Account Representative.
